

# AIRX 77<sup>PLUS</sup>

## NON-ACID DISINFECTANT TOILET BOWL & MULTI-PURPOSE BATHROOM CLEANER

ONE STEP - \*VIRUCIDAL  
READY TO USE GERMICIDE CLEANER - DISINFECTANT - DEODORANT

Now, there is one product – AIRX 77 PLUS - that can be used to clean and disinfect, inside and outside the bowl, including the toilet seats. Because it contains absolutely no acids, it can also be used on sinks, bathtubs, shower stalls, chrome fixtures, floors and other bathroom surfaces. Another unique benefit is that AIRX 77 PLUS not only eliminates foul odors at their source, it contains a powerful odor counteractant to erase odors already in the air.

For years, typical toilet bowl and urinal cleaners have been acids that have a pungent odor, tend to fume, would irritate the skin, burn holes in carpets and clothing, corrode chrome and aluminum, and eat into grouting, marble and terrazzo. Their proper use is really only cleaning the inside of a bowl or urinal. That means that the most critical surfaces – the toilet seat and the flush lever – often go uncleaned and not disinfected.

### Description

Not only helps control the hazards of cross-contamination on treated hard, nonporous, environmental surfaces, but also kills many microorganisms that cause odors. For disinfecting hard, nonporous, surfaces, RX 77 PLUS is formulated for use in the schools, colleges, universities, office buildings, health care facilities, medical and dental offices, nursing homes, airports, and federally inspected meat and poultry plants.

### Uses

Use on washable hard, nonporous surfaces of: appliances, bathtubs, cabinets, chairs, countertops, desks, doorknobs, floors, garbage cans, highchairs, outdoor furniture, commercial refrigerators, shower stalls, bathroom and kitchen sinks, stovetops, tables, picnic tables, telephones, toilet bowls, toilet bowl surfaces, tubs, urinals, walls, and other hard nonporous surfaces made of: <sup>1</sup>Formica<sup>®</sup> laminated surfaces, glazed ceramic, glazed enameled surfaces, glazed porcelain, metal, plastic, sealed stone, stainless steel, vinyl and plastic upholstery, and finished woodwork.

<sup>1</sup>Formica<sup>®</sup> is a registered trademark of The Diller Corporation

# NON-ACID DISINFECTANT TOILET BOWL & MULTI-PURPOSE BATHROOM CLEANER

ONE STEP - \*VIRUCIDAL READY TO USE GERMICIDE CLEANER - DISINFECTANT - DEODORANT

## Benefits

**SAFETY:** The government does not require a DANGER! POISON warning with skull & crossbones on AIRX 77 PLUS as required on many toilet bowl cleaners.

**WON'T DAMAGE CARPETS:** Spill ordinary bowl cleaner on carpeting and you can cause extensive damage. AIRX 77 PLUS wipes up without damage.

**WON'T DAMAGE UNIFORMS:** Splashes from many bowl cleaners burn holes in fabrics...not AIRX 77 PLUS.

**NON-FUMING:** There are no pungent fumes or gagging sensations from AIRX 77 PLUS. Its fragrance is pleasing to those cleaning or using the facility.

**REGISTERED FOR HOSPITAL USE:** Accepted by the EPA as an effective disinfectant against Pseudomonas aeruginosa, Staphylococcus aureus, and Salmonella choleraesuis.

**DEODORIZES FOUR WAYS:** 1. Kills organisms that produce odors. 2. Removes organic matter. 3. Contains a powerful odor counteractant to erase airborne odors. 4. Leaves a pleasant residual odor as evidence that cleaning has been done.

## Directions

**DISINFECTION / \*VIRUCIDAL / FUNGICIDAL / MOLD & MILDEW DIRECTIONS:** If surfaces are visibly dirty preclean first. Spray 6 - 8 inches from surface, until surfaces are thoroughly wet. Rub with a brush, sponge or cloth. Treated surfaces must remain wet for 10 minutes. Wipe dry with a clean cloth or sponge or allow to air dry. Rinsing is not necessary on floor surfaces that are to be waxed or polished. For mold and mildew control, repeat application weekly or when growth reappears. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse. This product should not be used to clean utensils, glassware or dishes.

This product is not for use on medical device surfaces.

**TO CLEAN AND DISINFECT TOILET BOWLS AND URINALS:** Remove gross filth from bowl. Remove or expel over the inner trap residual bowl water. Use 4 ounces of product in toilet bowl or urinal. Apply directly around bowl and under rim; then brush or swab thoroughly. Allow product to remain on surface for a contact time of 10 minutes; then flush toilet. This product, when used as directed, will not harm white or colored bowls or inanimate, hard surfaces. Close cap on container after use.

**TO CLEAN AND / OR DEODORIZE:** Apply by mop, sponge, cloth or spray on hard, nonporous surfaces. Wipe dry with a clean cloth, or sponge, or allow to air dry.

For a full list of kill claims and directions for use, see RX 77 PLUS Efficacy data sheet or label/insert sheet.

## Specifications

### ACTIVE INGREDIENTS:

n-Alkyl (C14 60%, C16 30%, C12 5%, C18 5%)	
dimethyl benzyl ammonium chloride	0.09%
n-Alkyl (C12 50%, C14 30%, C16 17%, C18 3%)	
dimethyl ethylbenzyl ammonium chloride	0.09%

**OTHER INGREDIENTS** ..... 99.82%

**TOTAL:** ..... 100.00%
