Exciting News from Airx Labs: Extended Shelf Life for RX75 and RX Spray N Go!

We are thrilled to announce a significant improvement to our popular disinfectants, RX75 and RX Spray N Go. After extensive research and documentation, we have successfully proven the effectiveness the extended the shelf life of both products to two years!

What Does This Mean for You?

Longer Usability: Enjoy the same powerful disinfecting action for a longer period, ensuring more value for your purchase.

Reduced Waste: With an extended shelf life, there's less need to discard unused product, supporting our commitment to environmental sustainability.

Continued Quality: We guarantee the efficacy and quality of RX75 and RX Spray N Go for the full two-year period.
