Science that Clears the Air

CLEAR-ION FRAGRANCE-FREE ODOR CONTROL SYSTEM

Effective against smoke, vaping,
incontinence and food odors

A complete system all in one box to treat 8-10 1000 sq ft. rooms

Scope: Rooms with evidence of smoking or other
foul odors

Goal: Return room to sellable condition safely & quickly.

Do you apply a surcharge to rooms or area that have been exposed to smoke, vape and other odors? With the Clear-Ion System you can show your customers what is required to restore the area to be occupied without heavy perfumes or other masking agents

The Clear-Ion System is designed handle level 1 through 3 of indoor odor restoration

Level 1 – Light Odor; usually no paint; normal reset.

Level 2 – Moderate/Residue: with targeted sealing/paint.

Level 3 – Heavy/Set-in: Broader sealing, item replacements.
